S. J. Pollard, who is a very economical man, has invented a plan to utilize old oyster cans in the form of spur pieces for shoes.

The dog law and rattle snakes together seem to say that dogs must go, as there have recently been two died from bites of the venomous reptiles in this section.

Mrs. Lula Shaw continues very low with but a slight chance for recovery. Mrs. Lucinda James, who has been quite sick, is very much improved. Abel Bryant and family have moved to Oklahoma.

Chinese labor will be given a test on the canal. Proposals from labor agents for 2,500 Chinese laborers will be asked in a few days. Other help available is not equal to the demand.

With the prospect of securing eleven-cent articles for 10 cents, women rushed madly over one another in a Memphis store, breaking large plateglass windows. The fire and police patrols were called to restore order.

## IN MEMORIAM.

WHEREAS, it has pleased the Supreme Architect of the Universe to call from labor on earth to refreshment in that celestial lodge above, our friend and brother, Samuel Reid, who fell asleep July 17, 1906, and whereas he bore his blushing honors rich upon him, having been a conscientious Master Mason for 58 years, therefore be it resolved

1st That Hustonville Lodge No. 184, has lost a true and faithful brother and his family a loving and indulgent husband and father.

2nd That the members of this lodge extend to the family of our deceased brother our sincere condolence and our sincerest sympathy and commend them to Him Who doeth all things well.

3rd That a copy of these resolutions be sent to the family, one to the INTERIOR JOURNAL at Stanford, Ky., one to the Masonic Home Journal for publication, and that a page of the minutes be set apart for these resolutions.

CHAS. WHEELER, Com.  
W. M. MYERS, Sec.  
J. C. BARKER.

## Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but, thanks to Chamberlain's Stomach and Liver Tablets, am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. Samples free. For sale by Stanford Drug Co.

## CHURCH MATTERS.

Elder Wm. Lowen closed a two weeks meeting at the New Liberty church, Anderson county. There were large crowds, good interest and 36 additions.

Thirty-three converts were baptized in the pool on Jack Dunn's farm near Bryantville in less than 30 minutes. In other words about two were baptized each minute.

Gov. Luke P. Blackburn, whose reputation as a physician and philanthropist is too well known to need further comment, once said "Concentrated Crab Orchard Water is the best aperient known to the medical profession and will cure more diseases than any one remedy I have ever used." Get a bottle of White's Diamond Brand Crab Orchard Water. For sale by all druggists and country stores.

It was announced at the Treasury Department in Washington that the purchase of silver for subsidiary coinage would be resumed. The purchases will be made on each Wednesday, beginning on the 15th inst. About 100,000 ounces of silver will be required a week.

## IN NEIGHBORING COUNTIES.

W. C. West has been appointed postmaster at Million, Madison county.

Miss Maud Pollard, daughter of Policemen Pollard, who was killed at Lancaster by Bill Humber, is dead.

George Daniels, who killed Calvin Hopper at Bear Wallow, Madison county, was acquitted at his examining trial.

Three men asleep on the railroad near Harboursville were struck by a freight. William Helton was instantly killed. Two brothers named Sevier were dangerously hurt. One will probably die.

Frank James, a prominent citizen of Harrodsburg, made the highest bid for the telephone franchise. He is backed by local capitalists and gave a bond of \$2,000 that he would carry out the agreement of the permit.

Judge Tilford will vacate the Whipp hotel next week and remove to his property recently bought of S. G. Elliott. James Warlick died of typhoid fever at Phil. E. H. Kidd sold Ed Ray, of Bradfordsville, a pair of mules for \$300. W. H. McClure has bought the E. J. Godbey farm near Yosemite for \$9,500.—Casey News.

James Spalding, a well-to-do farmer, drove to the jail in Danville Saturday and asked to be locked up to prevent his yielding to a desire to burn barns. He admitted firing a large stock barn which was destroyed near Danville several nights ago. The man talks rationally and does not seem to be insane. He was held for an examining trial.

A. W. Stewart, of near Willie, last week closed a deal with some West Virginia parties for his large boundary of land and timber on Clear Creek. Mr. Stewart had something over 1,200 acres and it is estimated that there is between six and seven million feet of No. 1 timber on it. Price paid, \$32,000. It is very probable that Mr. Stewart will buy a farm in the bluegrass section.—Mt. Vernon Signal.

Monday while the court-house yard was crowded with men waiting for the telephone franchise to be sold, a woman approached Judge Carlwell, who was talking to the Herald man, and said: "Judge, how long before you will be at your office?" "Some time," replied his honor; "but what do you want?" "To pay you some money," answered the woman. "Pay it right here," said the Judge. "It's in my stocking," said the woman. "Well go right behind the court house and get it out," said the Judge. She went behind the Temple of Justice and in three minutes returned and handed him a \$10 William. Harrodsburg Herald.

## Galveston's Sea Wall

makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, La Grippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

James T. Menefee sends us the following from Alton, Ill:

A man may use the mole on the back of his neck for a collar button; he may ride a freight to save three cents per mile; he may light the lamp with a splinter to save matches; he may stop his watch at night to save the wear; use a period for a semi-colon to save ink; pasture his grandmother's grave to save hay, but a man of this kind is a scholar and a gentleman, compared to a man who will take a newspaper and when asked to pay for it put it back in the postoffice marked "refused."

## A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Magnolia, Ind. "The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard."

The Delaware, Lackawanna and Western railroad will at an early date discontinue the services of all telegraphers on its system, and will control the movement of trains with the automatic block signal system and the telephone.

## In Self Defense

Quickest healer of Burns, Sores, Cuts and Wounds. 25c at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

COINS CURED.—Corn Exit will positively remove corns in four days. The treatment is simple and pleasant and we absolutely guarantee to refund the money to each and every customer whose corns are not promptly removed with entire satisfaction. A bottle of this great preparation only costs 15 cents and nothing if a perfect cure is not speedily effected. G. L. Penny, druggist, Stanford, Ky.

EVERYTHING is quiet here, says a Harboursville dispatch, and danger of mob violence against Annie Henson and Jesse Fitzgerald is considered about over for the present. A jury could not be gotten from this county, and officers left for Whitley county. Seventy-five men will be summoned from that county for jury service. It is thought a jury will be gotten with little trouble, and when the trial is started a quick verdict is expected.

## Warning

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Penny's Drug Store.

## "Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by Stanford Drug Co.

Mrs. William Satterfield, of Sharpsburg, got her husband's gun to shoot a mad dog. She let the gun slip, and instead of shooting the dog, she shot two toes off her right foot.

### HARVEY HELM

of Lincoln county, is a candidate to represent the Eighth Congressional District of Kentucky in Congress, to succeed Hon. G. O. Gilbert, subject to the action of the Democratic primary, Sept. 1.

### JUDGE JOHN W. HUGHES,

of Mercer county, is a candidate to represent the Eighth Congressional District of Kentucky in Congress, to succeed Hon. G. O. Gilbert, subject to the action of the Democratic party.

### M. F. NORTH

is a candidate for Representative of Lincoln county, subject to the action of the Democratic party.

FOLLOWING the adoption by the Democratic State Executive Committee of a rule providing for the appointment of election officers to serve at the State primary by the county chairman, instead of by the State Committee, Lewis McQuown, chairman of the subcommittee appointed to arrange the details of the primary, resigned and declares he will have nothing whatever to do with the primary. He says the rules are in violation of the party laws and the primary would be illegal. If we are not badly mistaken election officers were appointed by county committees at the last State primary. If it was legal then why would it not be legal now?

THE people of Texas have unanimously renominated Senator Bailey for another term in the United States Senate, and this action will be endorsed by his election by the Democrats when the Legislature meets. It is a great triumph for Senator Bailey, who had enemies within and without his State, and his election will be welcomed by Democrats everywhere, as they regard him as a champion to expose and denounce Republican abuses and corruption.

NEW CASTLE has just organized a commercial club. Stanford, Crab Orchard and Hustonville each had a commercial club early in the year but they died before a good many of our people knew such things were in existence. We hope New Castle's enterprise will be of longer life.

MISS IDA VERA SIMONTON, of Pittsburgh, according to reports, will shortly sail for Africa to study the monkey language. Miss Ida would do better by staying at home, marrying some good man, and in a few years be in a position to know something of baby language.

### POLITICAL.

The Georgia Senate has passed an anti-buckshot bill which prohibits all buying and selling of futures.

The Democratic State convention of Texas will meet to-day to settle the contest for the gubernatorial nomination.

A bill just introduced in the Georgia Senate, is designed to put the Elk African imitators out of the business in short order.

Hon. Richard Rose, member of the Legislature from Whitley county, has resigned. He will likely be elected police judge of Jellico.

Nearly every county in the Ninth district instructed for James B. Bennett for the Republican nomination for Congress, and he probably will be nominated by acclamation.

Gov. Beckham has announced that he will formally open his senatorial campaign with a speech in Lexington on Wednesday next. Subsequently he will announce other appointments.

Hon. Claude M. Desha, former member of the State Legislature, and a candidate for Congress in the Ninth district, died suddenly at his home in Cynthiana.

The Hearst papers in Chicago have declared savage war upon the democratic county and judicial ticket. This action is considered to mean that a third ticket will be placed in the field in Cook county.

Hon. John K. Hendrick, of Paducah, has announced his candidacy for the office of attorney general. He made no further statement than that he will run, and declared he was the candidate of no faction.

Knox county will be deluged with orators during the coming week, and meetings in the interest of Edwards and White, rival candidates for the Republican nomination for Congress in the Eleventh district, will be held daily.

The South Carolina Republicans, in State convention, elected a Negro chairman. This is as it should be. The Negroes comprise the bulk of the members, as well as the bulk of the intelligence, of the South Carolina Republican party.—Frankfort Journal.

Mr. Bryan's itinerary upon reaching the United States will be as follows: New York, August 30; New Haven and Bridgeport, Conn., August 31; Jersey City, N. J., September 1; Chicago, September 4; Lincoln, Neb., September 5; St. Louis, September 11; Louisville, September 12, and Cincinnati, September 13, stopping at Kansas City on his way home.

IN the county court yesterday a prohibition election was called for Sept. 12 and John and W. H. Traylor were each granted distiller's license to sell whisky. This is the extent of the work done.

PECULIAR CORN.—Mrs. P. P. Nunneley gave us a peculiar ear of corn the other day. In place of one big ear, there were 20 small ones, with silk hanging from them nearly two feet long. It is a monstrosity in the corn line certain.

WANTED.—Gentleman or lady with good reference, to travel by rail or with a rig, for a firm of \$250,000 capital. Salary \$1,072 per year and expenses; salary paid weekly and expenses advanced. Address, with stamp, Jos. A. Alexander, Stanford, Ky.

CAPTURED.—Frank Ball, who recently escaped jail at Richmond, was captured late Thursday afternoon in Virginia by Sheriff Rice Johnson and posse, of Middleboro, after a battle which raged for one hour. After John Lee, one of Ball's men, had been killed, Ball surrendered. He was taken to jail at Louisville for safe-keeping. Sheriff Johnson and deputies passed through Stanford on Friday morning's train with their prisoner.

HON. HARVEY HELM, of Lincoln county, was here this morning on his way to the Harrodsburg fair and paid this office an appreciated call. He said when asked in regard to his race for the Democratic nomination for Congress in this district, that he had splendid assurances from his friends all over the district that he would carry eight and probably nine out of the ten counties in the district. He said that while he made some allowances for the enthusiasm of his friends, he felt very certain of winning the race.—Danville News.

We inadvertently omitted mention of the death of Mrs. R. Lee Terhune at Bradfordsville some two weeks ago. Deceased was Miss Mary Adams, a daughter of Mrs. L. B. Adams, of Hustonville, and was a most excellent christian lady. She had been married only a few years and a young husband and two little girls, the younger only a few weeks old, are left to feel keenly the loss of a loving and devoted wife and mother. The funeral was preached in the Presbyterian church at Bradfordsville, after which the remains were laid to rest by the side of those of the husband's father in the Danville cemetery.

A POPULAR SUPERINTENDENT.—"No wonder," said one of the faculty of the tri-county institute, which met here last week, "that J. W. Rawlings has been superintendent in Boyle county for 16 years." He spoke concerning his excellent ability in educational work and efficiency in presiding over the institute. "He is indeed a thinker and knows how to present his thoughts in the most forceful way as a public speaker. He can address the institute at its dulllest periods and interest its members." Supt. Rawlings is held in high esteem by his teachers and all who know him. Doubtless he is one of the most popular superintendents in the State.

for Congressional Primary.

A primary election is hereby called for Saturday, the 1st day of September, 1893, in all the voting precincts in the 8th Congressional District of Kentucky, at the regular voting places, between the hours of 9 o'clock A. M. and 6 o'clock P. M., for the purpose of selecting a democratic candidate for representative in Congress in said district.

2 All democratic voters who are residents of said district, and who are not voters on Nov. 8, 1892, will be permitted to vote in their respective precincts, and are invited and requested to do so.

3 Every candidate who desires to have his name printed on the ballots to be used in said primary must deposit with the Chairman of this Committee, on or before 12 o'clock—midnight—10 days before the date for holding said primary, the sum of \$50, to be used in defraying the expenses of holding said primary election, and at the same time of making said deposit each candidate must give written notice to said Chairman that he desires to be a candidate at said election, and notice to the Chairman shall be notice to the Committee.

4 In all those counties having cities in which the law requires the registration of voters, the democratic committee, or the Committee of the Chairman, thereof, is authorized to cause the names of democrats registered at the last general registration, to be copied into separate books, as is required by law.

5 Said election shall be held, in all respects, as is required by law for holding regular primary elections, and the uniform ballot shall be used in every precinct; and the Chairman of this Committee is hereby authorized and directed to cause to be printed, bound and distributed to the various chairmen of the county committees the ballots for each county. He is further directed to purchase and distribute to the Chairman of the County Committee all the necessary paraphernalia for holding said primary election.

6 The Democratic County Committee of each county shall appoint the officers in each precinct to hold the election, and they are to be selected from lists furnished by the candidates at least ten days before said election, and to be as nearly equally divided as possible as to Judges, Clerks and Sheriffs, among the various candidates. The officers of said primary election will, when the polls are closed, proceed at once to count the votes cast for each person for said office, and after counting the votes they will return by the boxes, sealing up the boxes and the sheriffs of the election precincts, will, by the next Monday morning, carry and deposit the boxes with the Chairman of the County Committee, at the court house in the respective counties. The officers of the election at each precinct will make a written statement of the number of votes cast for each person voted for, for the said office, and will place said statement in an envelope and deposit it in the respective ballot boxes.

7 The precinct ballot boxes and all returns are to be made to the Chairman of the County Committee, and if he is not in the county, to the Secretary of the County Committee, at the court house in the time required by law, to-wit: within two days after said election.

8 And on next day after said returns have been made, the County Committee shall meet and canvass the returns, and certify the same to the Chairman of the District Committee of the Eighth Congressional District, which District Committee shall, on Wednesday, the fifth day of September, 1893, at 10 o'clock A. M., in the city of Nicholasville, Jessamine county, Kentucky, meet and canvass the returns, declare the result and issue a certificate of nomination to the successful candidate.

9 The Secretary of this Committee is directed to give public notice of this election, as is required by law and without delay.

10 In the event there is a surplus remaining, after defraying the expenses of said election, it shall be returned to those by whom it was paid in, in the same proportion in which it was paid by them; and if there should be a deficit, then the candidates shall be assessed to supply said deficit. Provided, however, if no more than one candidate shall have complied with the conditions herein imposed, by Aug. 19, 1893, then the Chairman of the District is directed to reconvene the Committee, as soon thereafter as practicable at Nicholasville, Ky., and to declare such candidate the regular nominee of the Democratic party for said office, and to issue to him a certificate of nomination, and the primary election herein ordered will not be held.

11 The order on the ballot in which the names of the candidates who may enter said primary shall be printed, shall be determined by lot.

12 No registration shall be required in towns or cities where no registration has yet been had under the general election law.

J. NORTON FITCH, Chairman. J. C. MAUNDERS, Secretary.

Summer Comfort and Cleanliness

The pores of the skin are responsible for most complexion troubles. Summer dust, the stain of vacation travel, combined with the grease of perspiration, clog and stifle the pores. Keep them clear and healthy, so that the natural oils may do their work of softening the skin.

POMPEIAN MASSAGE CREAM

withdraws every particle of impurity from the pores—all the way through—and by gently exercising the facial muscles rounds them out to perfect development; blackheads and wrinkles immediately disappear, leaving nothing but the natural glow of health.

DRIPPING SPRINGS.—This popular summer resort is enjoying the best patronage it has had in years, under the splendid management of Mr. and Mrs. Spears Fisher, well known here. At present there are some 40 guests and the number would be doubled or trebled if there was room. Sunday between 75 and 100 took dinner there and many of them would have spent more time drinking the health-giving waters had Mine Host Fisher been able to accommodate them. The fare is as good as the most fastidious could wish. Vegetables of every kind, cooked "just like mother used to cook them," chickens, in abundance, old ham, tender beef, etc., and the best biscuits you ever tasted. Who could want more? There is a jolly crowd there now and with belles outnumbering beaux, a few of the latter would do well to write to Manager Fisher for accommodations. Saturday night the young folks had a good time generally, and wound up the evening's festivities with a Dutch lunch which was greatly enjoyed. The menu was as follows: Welsh Rarebit, Sardines, Chipped Beef, Deviled Ham, Salmon, Cheese, Rye Bread, Beaten Biscuits, Olives, Mixed Pickles, Sandwiches, Peaches, Bananas, Watermelons, Coffee and Dripping Springs water. Hon. J. Mort Rothwell was master of ceremonies and while there were no speeches, his funny stories, well told, caused much merriment. Among the guests from Stanford at Dripping Springs are Dr. J. B. Owsley and wife, Mrs. Annie Engleman and Misses Sue Taylor and Nannie Woods Engleman, Mrs. Mary C. Givens, J. L. Beazley, wife and son, Mrs. J. E. Bruce, J. S. Cook, was honored by being elected one of the vice presidents of the National Convention of Retail Jewelers, which met last week at Rochester, N. Y. There was an attendance of 1,500 delegates, representing 36 States of the Union. The honor conferred is a merited one and Knoxville generally delightedly claims a share in it.—Knoxville Sentinel. It was moved by Justice W. M. Duddar and seconded by Justice W. H. Wallin that the following action be taken by this court: The grand jury of Lincoln county at the last term of the Lincoln circuit court, having recommended a new court-house for Lincoln county, and it appearing to the satisfaction of this court that the court-house now in use is unsafe and inadequate for the public convenience and the preservation of the public records, it is ordered and adjudged that the sum of \$50,000 be appropriated for the sum necessary to build a new court-house, and it is further ordered that an election be held, and a poll opened, at the court-house in Lincoln county on the 4th day of November, 1906, the day of the next general election, at which the appropriation above suggested, shall be submitted to the legal voters of Lincoln county for their approval or rejection.

The clerk of Lincoln county is directed to advertise said election for at least 30 days next before the day thereof, in the INTERIOR BUSINESS newspaper, being the only newspaper published in Lincoln county, and the officers of said election are directed to hold the election between the same hours and they are required to hold elections for county officers, which election shall be held and conducted in all respects as required by the general election laws in force in this State at the time the same is held.

The clerk of the Lincoln county court shall cause to be printed on the official ballots, to be used in said election, the words and figures: "Are you in favor of an appropriation of \$50,000 for building a new court-house, for Lincoln county?" and have two spears upon the right of same, one for voters favoring the appropriation, to be designated by the word "Yes," and one for voters opposing the appropriation, to be designated by the word "No," and said clerk shall prepare said ballot in all other respects as required by Sec. 104 of the Kentucky Statutes.

In the event that the requisite number of legal voters of Lincoln county vote in favor of said appropriation, it is ordered that the court cause the bonds of Lincoln county to the amount of \$50,000 to be prepared, executed and issued on printed forms under the seal of the county, to be signed by the presiding judge of the Lincoln county court and be countersigned by the clerk of said court, payable to bearer at Lincoln County National Bank, of Stanford, Ky., 20 years from the date of same with the option of paying same in 15 years from date, which bonds shall not bear a greater rate of interest than 4 per cent, payable semi-annually at Lincoln County National Bank, of Stanford and interest coupons shall be attached to said bond, signed by the clerk of the Lincoln county court. Said bonds shall be issued in denominations of \$50. The ayes and nays were called on said motion and the same was passed unanimously, all of the justices voting for same, namely Justices D. R. ## Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Thinks not of the world to come.

Dollars in silver, dollars in gold,  
Dollars in greenback, the largest rolls  
Nickels, dimes, all kinds of "dough,"  
The money-mad cry wherever you go,  
Get into the game if you've got a show.

Money it comes and money it goes;  
As ever like the river, onward it flows;  
From one hand to the hand of another,  
Always moving, like the rolling river,  
When its gone, its gone forever.

—Condor.

## Ten Years in Bed.

"For 10 years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Penny's Drug Store.

Gov. Beckham has appointed E. K. Brownfield Police Judge of Junction City.

Orlino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can any one do. Penny's Drug Store.

## Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand, a dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by Stanford Drug Co.

County Treasurer F. E. Smith, of Akron, O., has resigned. There is an alleged shortage of \$282,000 in his accounts.

E. W. ROSE MEDICINE CO., ST. LOUIS, MO. STONEFORT, ILL., April 3, 1905.

Dear Sirs:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I doctored this case of (Acne) pimples for six years and spent several hundred dollars with physicians and specialists. The more salves and creams I used, the worse my face became. Mr. Ira Blackman recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease.

Yours very truly,  
*Ewing Young*

## The State College of Kentucky, Lexington, Kentucky.

The Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz., Agricultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly 40 professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain 10 months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find well-paid positions and liberal compensation. The demand is largely in excess of the ability of the college to supply. The matriculation for the first year was, including summer school, 818.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science and arts.

The State College of Kentucky is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is well equipped with all modern conveniences, including bath rooms and a room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

A new library building will, through the generosity of Mr. Andrew Carnegie, be completed during the next college year.

The Normal Department will be on a better footing than ever heretofore. Last year's largely increased attendance, with the unprecedented growth of the Summer Normal school, both indicate that an era of prosperity surpassing that of all previous years has opened for the Normal Department of the State College.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to
